Host webpages on Google Drive

Drive is a great place to store HTML, JavaScript and CSS files so they are safe, available from anywhere, and easy to work on with others. And now you can host and share this content too.

How it works:

- 1. Create a new folder in Drive and share it as ["Public on the web."](#)
- 2. Upload your HTML, JS & CSS files to this folder.
- 3. Open the [HTML file](#) & you will see "Preview" button in the toolbar.
